BECOME A MARINE SCIENTIST FOR A WEEK!

TAKE PART IN THE BALTIC SEA SCIENCE CAMP!

Are you **interested in science**? Do you love the sea? Then get familiar with what marine science is all about! Experience what it feels like to work in an international team, taking samples and analysing them, and trying to find answers to relevant questions. **Apply for the Baltic Sea Science Camp 2012**. Participation is **free of cost**.

Dates: 17 – 26 August 2012

Location: Lithuania, Smiltynė on the Curonian Spit

Who may take part?

- 25 school students between 15 and 19 years old from Sweden, Denmark, Lithuania, Poland and Germany interested in marine science and skilled in English.
- Five school teachers from the countries listed who teach science classes at secondary schools and are skilled in English.

**Application deadline:
15 May 2012**
